Elsevier's Total Solution Partnership enables student learning — from building knowledge to applying clinical judgment to assessment and review — to drive student success on the NCLEX and in clinical practice.

Elsevier's Total Solution Partnership has many distinct benefits!

Elsevier's Total Solution Partnership offers the unique convenience of getting all of your course materials from one trusted provider — Elsevier. This gives both you and your students a comprehensive and consistent program experience with unrivaled benefits that promote better student performance, NCLEX readiness, and career success.

Compatible
Partnering with a single provider means that all the products supporting your program work together and work for you.

Comprehensive
Only Elsevier can deliver a complete solution that covers all your students’ curriculum needs from day one to graduation and beyond.

Consistent
Trusting Elsevier for your course materials allows you to offer consistent content and objectives throughout your program.

Current
Elsevier has a proven history of providing authoritative, accurate, and up-to-date educational content that reflects the latest advances in nursing and the most recent NCLEX test plan.
Premier Services
As part of Elsevier’s Total Solution Partnership, you’ll have access to premium services at no additional charge. These exclusive benefits and services include program planning, training, and implementation partnership, access to thought leaders, curriculum performance reviews, and more. With Elsevier, you get the support you need every step of the way to help you optimize program outcomes.

Build Knowledge
Elsevier helps students cultivate content mastery throughout the curriculum with engaging technology that complements our market-leading textbooks to ensure students both learn and understand the key nursing concepts that form the foundation for their success. Competence with the procedures and skills specific to their role as nursing professionals develops through a combination of theory, observation, interactive technology, and real-world practice.

- Foundational Content
- Active Learning

Apply Clinical Judgment
Whether students are developing their understanding of a broad range of patient situations or honing their clinical judgment abilities in preparation for clinical rotations, Elsevier delivers both content-based scenarios and interactive, immersive technology that allow students to practice in a safe, learning-based environment. Students develop both confidence and competence as they prepare for the NCLEX and practice.

- Skills & Simulations
- Patient Scenarios

Assess & Review
Monitoring performance from day one with practice quizzing and a full collection of assessment tools allows students to master content along the way, while evaluating their progress at key points in your program. When the time to take the NCLEX draws near, students can prepare with content review, adaptive quizzing, and personalized feedback and coaching that helps them gain the skills and confidence they need to pass the first time.

- Practice Quizzing
- Curricular Assessments
- Capstone & NCLEX Review

Curriculum Alignment
Achieve strong program outcomes with a tailored alignment of your adopted digital solutions to your curriculum’s topical outlines that frees up more time to focus on student performance.

Product Implementation
Prepare faculty to effectively maximize product value at every stage of the curriculum with Elsevier’s tailored training and implementation services.

Program Performance
Elevate the quality and effectiveness of your curriculum to deliver stronger outcomes with ongoing reviews of your program’s health by Elsevier’s expert nurse educators.

Support Student Career Development

- Provide mobile-friendly online career support resources 24/7
- Build students’ skills necessary for lifelong career success
- Scale your career support and boost student employability
- Help students communicate and evidence their skill claims
- Encourage lifelong learning and skill development
- Provide post-graduate support with lifelong access

About CareerPrepped

CareerPrepped is a lifelong career success system that empowers students & alumni to continuously build, prove and showcase their proven skills to stand out in the competitive labor market.

Core Features of CareerPrepped

**Skill Builders**
40+ competency-based Skill Builders enable students to build essential workforce skills necessary for lifelong career success through a continuous process of learning, reflection and practice.

**Skill Badges**
Students claim open badges that represent their “soft skill” claims learning how to articulate and evidence the skills employers say are hard to find and screen for, yet are growing in demand.

**Career Portfolio**
Every student gets unlimited storage to upload multimedia files to prove any skill they claim to have. They can link files to their Skill Badges or skills they indicate in their career site. Portfolio files could represent projects, awards, work samples, credentials, etc.

**Career Site**
The Career Site gives students a professional web presence. Students can link their Skill Badges and portfolio files to their listed skills allowing visitors to see evidence of their skill claims. See example Career Site.

**Career Toolbox**
The Career Toolbox gives students access to a Targeted Resume Builder to build custom resumes from their Career Site, Interview Prep Videos to enhance interview skills, and free curated career tools to use on-demand.

**Job Center**
The Job Center connects students with relevant opportunities. It allows students to search and save jobs, track their progress from application to offer, and save notes on each job.
