Student Success, It's Everyone's Job: Ten Retention Strategies You Can Start This Month

Learning Objectives:

Elizabeth Keifer Herron from Collegiate Admission and Retention Solutions discusses critical factors impacting students' success and how you can use your institutional team most effectively to support persistence and graduation.

- What challenges are your students facing?
- Which students need the most support?
- When should you deploy interventions?
- How can you drive student success most effectively with limited resources?

Elizabeth guides participants through ten strategies you can start using this month to improve retention and student success.
