RE: Letter of Intent to serve on the ACCSC Nominating Committee

To the Commission:

I am honored to express my continued interest in serving within the sphere of higher education, particularly through meaningful engagement with the Accrediting Commission of Career Schools and Colleges (ACCSC). Since entering the field in 2003 as a faculty member at Full Sail University, I have remained steadfast in my commitment to educational quality, student success, and institutional integrity.

My relationship with ACCSC began in 2011, following a presentation at the Professional Development Conference in Long Beach. I was invited to become a Team Leader, which marked the beginning of a purposeful and enduring involvement with the Commission. In 2014, I was elected as an ACCSC School Commissioner and served on the Board through 2018, including on the Executive Committee from 2017 to 2018. Upon completing the required one-year separation, I was appointed to the ACCSC Progress Committee and was subsequently called upon to fill Commission vacancies in both 2021 and 2022. Since 2023, I have served as an Educational Specialist, participating in twenty school visits. I also recently completed the Team Leader training to expand my capacity to contribute to accreditation site visits as needed.

In parallel with my Commission service, I founded a nonprofit career school in St. Paul, Minnesota, committed to providing tuition-free education in media and technology to underserved inner-city youth. In February 2024, the institution achieved initial ACCSC accreditation and was honored with the School of Distinction Award. Previously, I led another ACCSC-accredited institution to School of Excellence recognition in 2015 and was part of a leadership team awarded School of Distinction status in 2010.

This combined experience — as both a Commissioner and an institutional leader — has afforded me a comprehensive understanding of the challenges and responsibilities facing ACCSC-accredited schools. I believe this dual perspective equips me to make a substantive contribution to the Nominating Committee, a body that plays a pivotal role in ensuring the integrity, effectiveness, and forward-looking composition of the ACCSC Commission.

It would be a privilege to continue supporting the Commission's mission through thoughtful governance and strategic stewardship. I remain deeply committed to upholding the values of quality, accountability, and service that define ACCSC's work.

Thank you for your time and consideration.

Dear Dr. McComis,

I have participated on the ACCSC Nominating Committee for the past two years. I have been asked to consider serving another term. I would like to formally accept this nomination. I have spent the past 17 years in career education with all but six months of my tenure in Senior Management. I have provided direct oversight in the areas of Admissions, Recruitment, Career Services, Education, Regulatory, and Operations. I have also served as an ACCSC Team Leader since 2014 and Appeals Panel since 2023. I have always wanted to serve in a larger capacity for ACCSC but the timing with other obligations made it difficult. I believe this opportunity and commitment would be a great way to broaden my scope with ACCSC. I would be honored to serve in this capacity for another term.

If you have any questions or comments, please contact me at [REDACTED] or [REDACTED] for any additional information.
